JAMI YASHWANTH KUMAR

📞 +91-9390971710   📍 Visakhapatnam   ✉ jamiyashwanth1718@gmail.com   in Linkedin   ⚙ Github

EDUCATION

Vignan's Institute Of Information Technology , Visakhapatnam   *Aug 2019 - May 2023*
B . Tech , Computer Science and Engineering   *CGPA - 8.38*

EXPERIENCE

Inncircles Technologies   *Jun 2023 - Present*
Product Developer - MERN, MEAN, React Native   *Hyderabad*
— Involved in dynamic contributions to **web** and **mobile** development projects, actively influencing and improving project outcomes.
— Developed multiple **shared components** to simplify tasks for fellow developers, **boosting** efficiency and teamwork.
— Enhanced product performance through significant contributions to **backend** development, optimizing essential components for improved efficiency.
— Assisted and mentored **interns** to support their professional growth within the team.

Inncircles Technologies   *July-2022 - May-2023*
Product Developer Intern   *Hyderabad*
— Integrated various 3rd-party **APIs** to enhance the functionality of web and mobile applications.
— Worked on the **application dashboard**, making it more user-friendly and improving its overall functionality.
— Implemented **data security** for the company's product to provide role-based access control.

PROJECTS

Musicxxx | *MongoDb , ExpressJS , ReactJS , NodeJS*   <u>*Github*</u> <u>*Website*</u>
— Developed a feature-rich music web application with search, custom playlist creation, and user favorites, utilizing MongoDB for efficient user data storage. Secured user authentication with JWT

01Bot | *Python , MongoDB , Selenium , Discord API*   <u>*Github*</u>
— Developed a college Discord bot for tracking students in coding contests, offering features like generating coding rank lists in Excel , overall performance tracking, and monthly contest summaries , profile comparisons, and visual graphs to help analyze performance for both faculty and students .

TECHNICAL SKILLS

Frontend Technologies - ReactJS, AngularJS, React Native, HTML, CSS
Backend Technologies - NodeJS, ExpressJS
Database - MongoDB, SQL
Languages/Courses - C, C++, Javascript, Python , DS and Algo, OS, CN, Selenium *(Basics)*, Puppeteer *(Basics)*

ACHIEVEMENTS

— **ICPC Kanpur Regional 2020** Main Round Regional Rank **@85** | College Rank **@1**
— **Hashcode 2022** Global Rank **@1057** | AIR **@207** | College rank **@1**
— **Kickstart 2022** Round A **@1142** | Round B **@1449**
— Max. Rating **1394** (Pupil) on **Codeforces** . Profile - <u>*jami_yashwanth*</u>
— Max. Rating **1862** (4 star) on **Codechef** . Profile - <u>*jamiyashwanth*</u>
— Solved **190+** problems on Leetcode and **100+** problems on Geeksforgeeks. Profiles - <u>*Leetcode*</u> , <u>*Geeksforgeeks*</u>

POSITION OF RESPONSIBILITIES

GeeksForGeeks VIIT student chapter -
Competitive Programming Head
— Hosted coding contest challenges, conducted seminars, and organized workshops to introduce competitive programming to juniors. Provided guidance and opportunities for them to enhance their programming skills through active participation in coding challenges and interactive sessions.

Codechef VIIT student chapter -
Representative
— Organized and hosted coding contests and workshops, providing guidance and a roadmap for students to start their competitive programming journey, and invited speakers from other colleges to take bootcamps.
